39th ANNUAL PRODUCTION SALE

November 15th
at the Ranch

W

elcome to LCI's 39th Annual Production Sale. We would like to thank our customers and friends who have supported us and made our progress possible!

It's been a good year in Western Canada with plenty of rain early in the spring for plentiful hay and grain crops. Abundance of grass and hay to put the cow herds through winter in good fashion. Not the case south of the border and we all feel for you as we know what it's like to go through a drought.

A very busy year at LCI with the usual ranch and farm work, but with the World Hereford Conference held in the Calgary area, we felt we needed to make the extra effort to take cattle so the world could see our program. We had a very good day at the "Ranchers Day" show, winning 3 banners in the cow divisions and first in class with a pen of 3 yearling bulls. We generally don't have time to show cattle and were excited how well our cattle did in such a tough competition. I would like to thank the Canadian Hereford Association and the many volunteers that made the event such a success!!!

All our best are offered in this sale, none are held back for spring sales. It is proven that spring sales have higher prices, but with a heavy spring work load and always short handed we feel we can do a better job in the fall. So take advantage and again we are here to be of service! Consider our free wintering program or fall delivery to central points, pay half cash sale day with the balance due June 1st, 2013 interest free!

Feel free to contact any one of us list in the phone directory to help you make the right selection for your herd.

Come join us November 15th for lunch and have a day to visit with fellow cattlemen!

A bull that really nicked on our Ribstone cattle! He sires calves with extra thickness and lots of hip. A light birth weight bull with good performance. He's helping us in our goal to decrease birth weight but at the same time increase performance. Top maternal sire with his first calf dams bringing calves home as heavy as mature cows. A real breeding bull that can cover a lot of cows

GUARANTEE: Bulls are guaranteed to be breeders. If failing to be satisfactory breeders, they will be replaced or a credit given on purchase of replacement. They must be returned to us for evaluation of the animal in good health and properly cared for. In any event, the sellers are responsible only to the extent of the purchase price of said animal. Each animal becomes the responsibility of the purchaser as soon as sold. Standard Canadian Hereford Association guarantee applies.

DELIVERY:

Bulls: If the buyer wishes, free **fall** delivery up to **300** miles to central points, and \$100 deducted off price or free **wintering** and the bulls picked up by **April 1st, 2013**. All bulls must be insured, available sale day from Heather Barr, CFI.

USA: Animals going to the USA will be delivered through the Coutts/Sweetgrass border with federal health papers. Buyer assumes transportation costs from Sweetgrass, Montana. Again, animals need to be insured and we will co-operate with any other arrangements that need to be made on all animals.

LIABILITY: Mishaps at cattle sales are very rare and every precaution will be taken for the safety of visitors; however, the owners and management assume no liability should an accident occur.

ERRORS: If errors are noted in the catalogue, corrections announced from the stand take precedence over printed material.

ACCOMMODATIONS: Reservations can be made for you, just contact us. There is a paved, lighted airstrip 2.5 miles from the ranch. Contact us to pick you up at the airfield.
